Mozarthaus Vienna - a centre devoted to the life and works of a musical genius

In 2011 Mozarthaus Vienna, where Mozart wrote his renowned opera “The Marriage of Figaro” and other works, celebrates its fifth anniversary and also the 255th anniversary of Wolfgang Amadeus Mozart’s birth. Approximately 750,000 Mozart enthusiasts from all over the world have visited Mozarthaus Vienna in Domgasse to date.

Domgasse 5 is the only one of Mozart’s apartments in Vienna that still exists today. The composer lived in Mozarthaus Vienna from 1784 to 1787 in grand style, with four large rooms, two small ones and a kitchen. The life and works of this musical genius are presented here on four exhibition levels. In addition to Mozart’s apartment, which has been adapted by Wien Museum, visitors can find out about the times in which Mozart lived and his most important works. The exhibition focuses on his years in Vienna, which marked a high point in his creativity. The tour starts on the 3rd floor of the building with details of Mozart’s time in Vienna: where he lived and performed, who his friends and supporters were, his relationship to the Freemasons, his passion for games and much more. The presentation on the 2nd floor deals with Mozart’s operatic works, and the apartment on the 1st floor focuses on the two and a half years that Mozart and his family lived there.

A museum shop, the Café Figaro, a concert hall/event area and the Learning Center in the basement of Domgasse 5 round off the offer. Mozarthaus Vienna and the Wien Museum Mozart apartment (A-1010 Vienna, Domgasse 5) are open every day from 10 am to 7 pm. Further information is available at www.mozarthausvienna.at in German and English. Admission currently costs € 10 (full price), € 8 (reduced rate) for students and senior citizens, € 7 for groups and € 3 for pupils up to 14 years of age. Family special: family ticket (for two adults and up to three children) for € 20. An audio guide – in German, English, French, Italian, Spanish, Czech, Slovak, Hungarian, Polish, Russian or Japanese – is included in the price. Mozarthaus Vienna is providing an additional service designed specially for families and schools in the form of an audio guide for children aged 6 to 12 years. The children’s audio guide, which is available in German, English, Italian, French, Polish, Russian, Hungarian and Czech, allows families to find out about the life and works of Mozart together.

Additional offer: concert programme

Throughout the year concerts performed by renowned chamber music ensembles round off the museum’s offer. The tickets for tour operators are available at a price of € 12 per person, reduced rate € 10; special packages and quota agreements on request. As information is available in GERMAN and ENGLISH, the Learning Center is a fundamental part of our offer for domestic and international schools. A substantial part of the information offered by the Learning Center is also available on the Internet so that teachers and pupils may prepare for their visit at Mozarthaus Vienna or find information on what they have seen after their visit. Visit the website www.mozarthausvienna.at and follow the link on the welcome page, which guides you directly to the Learning Center. By advance reservation you can book programmes tailored to all age groups with our new museum educational department. Please find detailed information on our website www.mozarthausvienna.at.

You can book an expert guided tour and subsequent follow-up programme in coordination with our in-house education specialists. These programmes for classes with children aged 4 to 14 years cost €60 including admission for up to 25 pupils (€95 for adolescents aged 15 and older).

Various programmes are available for guided tours for children and adolescents, tailored to the following age groups:

Children aged 4 to 6 years:

Duration: app. 30 minutes. This guided tour focuses on the Mozart apartment, where children can in a playful way see and learn who lived there, which pets the family had and how the apartment was used. A special highlight in connection with Mozart's works is the multimedia installation of his renowned opera "The Magic Flute". The most important scenes from the opera are presented within 4.5 minutes in this installation. On request this guided tour can be extended.

Children aged 6 to 10 years:

Duration: app. 50 minutes. During this guided tour all three floors are visited and explained. The programme starts on the 3rd floor, which deals with historical aspects of Mozart's time in Vienna in general. The tour moves on to the 2nd floor, which focuses on Mozart's musical world. With this age group our education specialists generally just take a look at the installation "The Magic Flute" and provide some background information on the subject. The tour ends with Mozart's apartment on the 1st floor, where a general introduction to Mozart's personal circumstances is complemented by various stories featuring Mozart and his family to make their (everyday) lives easier to understand.

Children aged 10 to 14 years:

Duration: app. 60 minutes. During this guided tour all three floors are visited and explained. The programme starts on the 3rd floor, which deals with historical aspects of Mozart's time in Vienna in general. For the 2nd floor, which focuses on Mozart's musical world, our education specialists usually decide with the teachers beforehand whether they will just visit the installation "The Magic Flute" or whether further operas ("The Marriage of Figaro", "Don Giovanni") will also be dealt with. The tour ends with Mozart's apartment on the 1st floor, where a general introduction to Mozart's personal circumstances is followed by more details on the apartment itself; in this connection several stories featuring Mozart and his family will be told to better illustrate their (everyday) lives.

Adolescents aged 14 to 18 years:

Duration: app. 60 minutes. During this guided tour all three floors are visited and explained. The programme starts on the 3rd floor, which deals with historical aspects of Mozart's time in Vienna in general. For this age group political and social circumstances and specific features are presented in greater detail. For the 2nd floor, which focuses on Mozart's musical world, our education specialists usually decide with the teachers beforehand whether they will just visit the installation "The Magic Flute" or whether further operas ("The Marriage of Figaro", "Don Giovanni") will also be dealt with. In general, the pupils' individual knowledge of and interest in music decides how the tour of the 2nd floor will be organised. The tour ends with Mozart's apartment on the 1st floor, where a general introduction to Mozart's personal circumstances is followed by more details on the apartment itself; in this connection several stories featuring Mozart and his family will be told to make their (everyday) lives easier to understand.
